About Befesa

Befesa is a leading international provider of critical environmental regulated services to the steel and aluminium industries with facilities located in Germany, Spain, Sweden, France and the UK, as well as in Turkey and South Korea. Through its two business units, steel dust and aluminium salt slags recycling services, Befesa manages and recycles more than 1,300,000 tons of residues annually, with a production of more than 600,000 tons of new materials, which Befesa reintroduces in the market, closing the material recycling loop and reducing the consumption of natural resources.
